installation day _____

mon tue wed thu
fri sat sun

date / /

time _____

notes _____

Our certified installation technician will explain how we will be protecting your home after examining the layout of your house and lifestyle of your family. They will show you each piece of equipment and how it will work in your home and answer any questions you have.

After upgrading your home with Alliance our technician will review everything they have done and explain how to take advantage of all the great features of our lifestyle system.

After cleaning up and connecting you to our monitoring station our technician will be on his way. Now you and your family can get acquainted with your exciting new system in the comfort of your home.
